

EXCURSIONS

Downwinder

Kitesurf around the White Dune

Located 30 minutes away from our resort by car, the white dune is a must-see place in Dakhla. Shaped by the wind it stands up majestically on the lagoon and even forms its own backwater, offering a wonderful panorama from the top. This atypical place is an amazing kitesurfing spot both for its beauty and the navigation conditions it proposes.

Two groups will be formed according to your level:

- Independent kitesurfers will navigate around the white dune before coming back to Tour d'Eole with a downwind of 10 kilometers, accompanied by the team of Ocean Academy and the security boat.
- The rest of the group will enjoy the navigation around the white dune. They will be coming back to Tour d'Eole by Ocean Academy car. On the way back the group will be making a stop at the Asmaa thermal springs, a hot water source known for its dermatological benefits.

495 Dhs per person (min 3 participants)

Transport included, equipment rental excluded

385 Dhs per person

If you are a companion wishing to benefit from the excursion without kitesurfing
